PERSONAL INFORMATION

Citizenship: **Brazilian**

Family: **Single, no children**

Languages: **Portuguese (native), English (C1)**

SKILLS

- R, SAS, SQL, Power BI, Tableau, Python, PySpark
- Pandas, Numpy, Warehouse, Azure Databricks
- Microsoft Excel
- SQL Server, ETL
- CSS, HTML, GitHub
- Communication, public speaking

EXPERIENCE

Research Member at *Meta-Analysis Academy (Remote)* **January 2025 – Present**

◇ Collaborative project focused on the development and publication of scientific articles in the health field through meta-analysis research.

Data Analyst at *FGV - Fundação Getulio Vargas (São Paulo, SP)* **October 2024 – December 2024**

◇ Analyzed discrepancies in national exam scores by comparing them with FGV's established grading standards. Ensured that the grading process was effective and aligned with institutional quality standards. Evaluated results across multiple graders to increase scoring accuracy and reliability, using statistical analysis to identify and correct inconsistencies in the scoring process.

Python Developer at *FGV - Fundação Getulio Vargas (São Paulo, SP)* **September 2024 – October 2024**

◇ Managed the Institution's repositories on GitHub alongside the development team within the educational environment. Automated processes such as report generation, data validation, and integration of updates prior to implementing solutions directly on the platform.

Technical Support Analyst at *FGV - Fundação Getulio Vargas (São Paulo, SP)* **August 2023 – August 2024**

◇ Provided technical assistance and auditing to internal and external clients of FGV Conhecimento, focusing on digital platforms for exams, certifications, and online assessments. Ensured efficient resolution of incidents, issues, and management tasks. Supported online evaluations in collaboration with teams from São Paulo and Rio de Janeiro. Utilized spreadsheets and back-office systems to identify discrepancies, enhance system performance, and ensure a seamless user experience.

Private STEM Tutor at *Autonomous (Brasília, DF)* **February 2015 – December 2023**

◇ Provided private tutoring in Physics, Chemistry, Mathematics, Biology, and Statistics for elementary and high school students.

Teaching Assistant in Statistical Computing at *Department of Statistics, University of Brasília (UnB)* **March 2017 – July 2017**

◇ Assisted students with activities related to experimental analysis and computational statistics, using R and SAS programming languages.

FORMAÇÃO ACADÊMICA

BACHELOR IN STATISTICS *Universidade de Brasília (UnB)*
Jun 2017 - Dec 2023
